VOLUME TWELVE — WAINWRIGHT, ALBERTA, FEBRUARY 11th, 1920 — NUMBER TWELVE

ALL SHOULD BE PREPARED TO FIGHT A 'FLU EPIDEMIC

In case of a possible outbreak of influenza throughout the province, the provincial department of health is now asking for volunteers who will be ready and willing to go out to points where and when wanted, and is offering a bonus of $25 each as an extra inducement. The Hon. A. G. McKay also states that he has the power under the Act to authorise a higher rate of wages than that generally in force, in consideration of nurse so volunteering in advance and agreeing to go at the call of the department.

The situation is not believed to be particularly serious as yet, but the health authorities are again warning the public that the surest way of guarding against an attack of the flu is to take every possible care at the beginning.

PRAIRIE PEOPLE ARE ENTERTAINED

The Vancouver Board of Trade is arranging a special reception for the prairie people who are sojourning within their gates. It has become almost fashionable for many farmers and business folks and their families to spend some of the winter months imbibing the balmy breezes of the Pacific and as they usually spend a considerable amount of money on their holiday wanderings the folks of Victoria and Vancouver desire to give them every possible encouragement.

MAGICIANS AMUSE LARGE CROWD IN ELITE THEATRE

Only a fair attendance was out to see the Pull Bros. magic and mystery entertainment, on Thursday night, but those who braved the elements were repaid by a show which was novel as well as entertaining.

Such marvels of science as some of the performance seem[illegible] were well worth while but other tricks of the egg[illegible] were very tame indeed.

Taken on the whole,however the famous box trick and the the exhibition of mental telepathy were such as were well worthy of the applause they elicited.

HOLSTEIN BREEDS HAVE FINE RECORD FOR PAST YEAR

With no liabilities, and assets to the amount to the amount of $30,260 and with an increase of 499 members in the past year, bringing the total membership up to 3,200 the Canadian Holstein Breeders' Association made a fine showing at its annual meeting last week. The number of registrations for the year were reported at 14,284 an increase of 1,238 over the previous year's figures.

The activity in the Holstein trade was indicated by the new statement that there were 15,345 transfers last year, 3,189 more than in 1918.

In the past year 183 cows quaiified for the record of perthe production of butter.

It was stated that Canadian Holsteins had been shipped to Australia and Hawaii fom Canada and that breeders in eastern Canada had in the past four months sold between 400 and 500 Holsteins in the United States.

The association decided to spend $30,000 in providing an office building in which records could be safely kept and a committee was appointed to secure an office. Bantford was decided upon as the city in which the office should be built.

Little Miss Claire Millen,, of Edmonton, is visiting with her aunt Mrs V. Fieldhouse for a short stay.

OBITUARY

MISS MABEL HANSON

We announce with regret the passing away at ten o'clock on Thursday morning last of one of our young friends and neighborsMiss Mabel Hanson at the age of seventeen years. The deceased was until recently a resident of Bloomington Valley three miles north of Edgerton, having lived there for the past eight or nine years. After the death of her father in March last the family moved to Lacombe, Alberta, and Mr. Archie McCormick of Edgerton received a telephone message last week calling him to the bedside of his relatives at that place. It was learned that both Mrs Hanson, his wife's mother, and Miss Mabel were very low with pneumonia and before his arrival at the stricken home the deceased had passed away. She leaves to mourn their loss a mother, thre brothers, Oscar, Anton and Theodore, and two sisters, Emma ad Mrs Archie McCormick.

The mother is in a very serious condition in the Lacombe hospital, while Theodore and Emma are lying very sick at their home in Lacombe, and we extend the deepest sympathies of a large circle of friends and acquaintances to the bereaved family in their affliction.

Marshall Predicts Big Development In Agriculture

Says Boys and Girls must all learn to be Farmers

Hon. Duncan Marshall, minister of agriculture, is in the east and last week attended annual meeting of the Dominion Shorthorn Breeders' Association at Toronto and was the chief speaker at a banquet in Weston in honor of the new warden of York county, J. M. Gardhouse. "The thing that we need in this country," said Mr Marshall "is the gospel of agriculture and someone who will preach it. There is going to be an agricultural development in this country such as we have never yet seen and Canada must be alive to the necessity of training her boys and girls to be farmers if we are to retain our place among the nations of the world."

Hon. Mr Marshall said that some people had expressed the fear that the foerign element of this country was in danger of becoming a menace to its British-born citizens.

Such fears he considered as groundless as 95 per cent. of his nieghbors are foreign born and he had not found a better class of citizens anywhere he had gone.

"The men from other countries," he said, "have found Canadian customs and laws so much better than they expected that they have become among the best citizens that our country has."

WANT ALL TO HELP IN COLONIZATION

The first steps in the organisation of the Western Canada Colonisation Association, a body which aims at the concentration of the efforts of the fou western provinces in an aggressive colonisation scheme whish is backed by a subscribed fund of half a million dollars, were taken at a recent meeting of a special committee of the Alberta municipalities held just recently at Calgary.

The meeting which was attended by representatives of the various cities of the provinc, the Boards of Trade and the Alberta Industrial Development Association drafted a number of resolutions which outline theproposed organisation, and these will be placed before the convention which is being called to deal with the matter in Edmonton on February 16th in conjunction with the general yearly meeting of the Alberta Industrial Development Association.

Invitation to this meeting is being sent broadcast through the province, but the limited time available makes it certain that many of those interested will not have time to receive their notice, and for this reason the committee are issuing this general invitation through the press.

THE GINTILMAN WHO IS WILLING TO PAY THE RENT

The following treatise on the raising of hogs is being circulated by the provincal government, and in the belief that the information contained will be useful we give it publicity.

During the war Canada exported a large quantity of bacon, the greater portion of it being sold to the British Ministry of Food. Every effort was made to produce more bacon for the army in the field and the starving European civilians, and while Canadian bacon gave good satisfaction it was not up to the standard of quality and weights that the foreign markets now demand.

While the export bacon buying is still cotrolled by the ame committee, Canadian brands are on the market in competition with the product of Denmark, Ireland and other exporting countries. Therefore it is up to the Canadian producer and manufacturer to market the bet product possible and something that the market demands in order to meet with profitable and active sale. To day we are producing many hogs that are not suitable for Wiltshire sides.

Canada's success [illegible] as [illegible] European bacon exporting country depends on whther the producer will develop the type of hogs that will meet the trade and whether they will be able to maintain a steady uniform supply ready for market. That is, Canada must not de an "In and outer" because if we are we will soon looe our British connections.

What the market demands is a good, well finished bacon hog. If that is what is raised the product will always command a ready sale. A bacon hog is one with long deep smooth sides, carrying a light even covering of fat, and especially uniform on the back and sides. The ham should be full but lean and the shoulders light and also smooth. The flesh must be firm and the fat solid, and the animal weigh from 150 to 250 lbs. alive.

Profits in hog raising will depend largely upon: Good stock (not necessarily purebred), sanitary surroundings and proper feeding, and every practical feeder should know the principle elements of nutrition in all the various feeds and grains to get the best results and the argest profits from their feeding.

NEW MILITIA UNITS FOR THIS PROVINCE NOW ASSURED

The militia authorities are desirous of obtaining the present post office addresses of officers, warrant officers and non commissioned officers of the following branches of the service who have served in the expeditionary forces overseas: Canadian field artillery, army service corps, engineers, army medical corps and army veterinary corps.

Those who are desirous of joining the new units being organised in Alberta are invited to communicate with the A. A. Q.M.G. headquarters, M. D. 13 the Armories, Calgary

AUTOMOBILE LICENSES

No change is to be made in the licensing system for automobiles. A request has been made by one of the U.F.A. locals for a maximum of $15 for any car ona weight basis instead of the present wheel base standard, but the government will not introduce such an amendment; the existing scale of license fees being considered satisfactoy.

WHAT OTHER EDITORS ARE THINKING ABOUT

Just to let "Star" readers have an insight, as to what other newspaper publishers are thinking along the line of the prevailing topic of the H. C. of L.—(or of dying for that matter) we clip the following from the "Sedgwick Sentinel" which says:

"W are n receipt of a circular from the publishers of the Provost News asking us to acquiesce in the matter of raising the subscription price of this paper to $2.00 per year. The letter states that the publishers of the Provost paper are willing to raise the price to the $2.00 per year if the rest of the publishers will do likewise.

"Many people may wonder why one newspaper publisher should consul any other publisher when i t has been discovered that it is imposible to issue a newspaper 52 times a year for $1.00 or $1.50, but this goes to show that the public is responsible for many things tha look combines these days. For example, if a pesron walks into a newspaper office and wants an advertisement iserted or a piece of job printing, and the price is higher than they were charged somewhere else fifteen years ago they are certain to refer to the fact that once upon a time they were able to get what they wanted at a cheaper rate, and they always use the same line of argument no matter what they want to buy. If one newspaper should raise the price of the subscription to $2.00 per year and no other paper in the community did likewise, the fellow who had courage enough to make the $2 charge would be denounced as a grafter, while if all the editors along the line come to the same decision all at once, no one would make any serious objection.

Before the war this paper was only $1.00 per year. In [illegible] the price was raised to [illegible] per year, and a few subscribers thought that the rate would fall back to $1.00 once the Hun was subdued—but it [illegible] be done."

The Star has no intention at present of raisng the subcription price, but we take this opportunity of pointing out to delinquents the need of seeing that their subscription is brought up to date.

SEED WHEAT IN DRY AREAS

No word haes ben received yet from the Canadian Wheat Board as to whether it will allow the sale of seed wheat to farmers in the dried-out districts of Alberta at $2.40 per bushel, acording to G. M. Stewart of the seed branch of the Department of Agriculture. A letter that has been received by the head office of U.F.A. from Hon. George E. Foster, minister of trade and commerce says however that the matter is now being given full consideration.

It may be remembered that A. E. Wilson, seed grain purchasing agent for the Dominion government, stated at the recent U. F. A. convention he was agreeable to recommend that seed should be sold to farmers in the dry areas at this figure instead of at the present price of $2.80, and a resloution approving this was adopted at the convention.

Mr. Stewart stated that between 650,000 and 400,000 bshl of seed wheat was in the elevator at Calgary, and this with that held at country elevators would prove ample for all requirements. No seed was now being sold to the United States the only quantity which was hipped being65,000 bushels in October last. Any wheat at present moving to the U.S.A. was commercial wheat which went through the Canadian Wheat Board. The soldier's requirements, which would be approximately 50,000 bushels, were being protected by the government.

Purchases of seed oats are recommended to be satisfied as far as germination tests are concerned before actually buying their seed.

If it is possibe to get goods of Canadian manufacture in preference to those of United States make, the plain duty of Canadians today is to buy the Canadian made. It is always our dutyb but emphasized just now by the action of Wall street in depreciating the value a duty, but emphasized just of the Canadian dollar.

U. F. W. A. IN CONVENTION PASS RESOLUTIONS

The following is the report of the delegates to the annual convetion of he U.F.W.A. held in Calgary, January 20-23, and which has been handed in for publication.

The convention opened on Tuesday afternoon at 2 p.m. with our president Mrs Walter Parlby in the chair. After giving her full report of the year's work, which showed an active service and the accomplishment of many good features, she declined re-election having acted in that capacity for the past five years, and owing to her delicate health her request was granted. Mrs M. L. Sears, from Nanton, was elected as her successor for the year 1920. After final resuls were announced by the scrutineers, Mrs Parlby invited the new president to the platform and while pinning her official badge on her offered congratulations for the honor bestowed when a hearty round of applause followed.

On Wednesday afternoon the election of the vice-presidents was carried out and rsulted as follows:—

Mrs. Maguire of Olds Mrs. Kaiser of High River, Mrs. of Veteran, Mrs. Welch of Gleichen and Mrs. Irwin of Irwinville.

The secretary, A. M. Archiband was re-elected for the ensuing year.

.. The following important resolution were then passed by the convention:—

1—Education. That our rural schools teach more practical theory; for instance in nature studies in the lower grade instruments demonstrated, and religion made a part.

2—The Liquor Act. This important question brought forth a lot of criticism and was finally by making recommendations to the provincial parliament for the betterment of existing laws.

On Thursday afternoon the address by Mr.s J. McNaughton on the subject of "Women was well eceived and contained many helpful hints, and laid emphasis on the point that the UF.W.A. women have a very impotant part to fill. Therefore let us all do our share in this great movement of reform.

sion of the laws affecting women. Mr Brownlee the association lawyer anr Mrs. A. O. Edwards, the convenor of aws for the National Conneil of Women tok part, explaining the working of the present laws, and it was clearly shown that existing statutes were one-sded, and therefore the U.F.W.A. passed many resolutions on the subject e.g.: Dower Act amendments, wills, devolutions of estates in cases of separation, etc, these to be referred to the board for final consideration.

Friday. Mr Spence, of Calgary gave a very instructive address on the practical working out of proportional representation and a lively discussion followed.

A very happy event took place on this date, when Mrs. Parlby, the retiring president, some diamond ring and a beautiful sheaf of roses and carnations, as a mark of the esteem in which she is held. The convention closed with this session.

In conclusion it may be said that the work taken in hand and accomplished has indeed been very gratifying, and it behoves all of us to feel proud to belong to such an oganisation where mutual interest for one another is so identified that it places us all on an equal footing. Therefore let us resolve for the coming year to work together as a unit and endeavor to place our ideals upon a still plane, so that we may look back and reflect that we have all at least done our best for the great U.F.W.A.

FARMERS' ANNUAL

The Farmer's dance which will be held on the 19th of this month promises to be as great a success as this event has always proved. A departure is being made from last year's arrangements in that the good "housewives" are going to provide the supper themselves, so the success of this part of the big doings is assured.

MAYFIELD NEWS

It is interesting to note that Mayfield has orgaised a Literature Club and meetings are being held every Wednesday evening in the schoolhouse to which the general public is cordially invited.

The following committee has been appointed:—A. F. Kohl, chairman, E. Garneau, president, J. Muddle, vice-president and J. Veitch, sec.-treas. Mr. Veitch has also been appoited librarian while Messrs. Garneau, C. Church ad A. Harden are acting as the executive.

On Wdnesday ast a large attendance was present and all voted the opening night a real success. The eection of officers having been dsposed of, the following programme was much enjoyed:—

Speech and recitation— E. Garneau
Song—J. Dolan
Recitation—J. Muddle
Song— A. J. Muddle
Reading—A F. Kohl
Song—J. Veitch
Recitation—Mrs Veitch
Song—A. Garneau

It is hoped that all will do their share in making the organisaton the success it promises to be. Let all boost the Mayfield Literature Club.

of the local U.F.A. A very excellent orchestra composed of Mrs Bourchier, Miss. Ptomley and Mr Taylor enhanced the gathering.

Readers are asked to note that the dance advertised take place at Aspen next Friday evening has been postponed until a later date.

There will be a hard times dance at Bloomingto Valley on the evening of Friday the 13th and a big crowd is hoped for.

The Peterson Boys of Irma were week end visitors to our town where they were entertainted by thier sister Mrs. J. Bouck

Mr. A. Chartier returned on Saturday's train from the east.

Mrs. Nelson who has been sick during the last week is now improving. We all wish her a speedy recovery.

Mr Burns of the Great West Insurance Co, from Edmonton was a business visitor to Heath last week.

THE BULLETIN CONTEST

Mrs. C. W. Turner wishes to announce that she is a candidate in the Edmonton Bulletin Contest. She would appreciate very much if the citizens of Wainwright would give her all the support possible in the way of clipping coupons and pay all renewals and new subscriptions through her. 11 2c

GRIP, INFLUENZA

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.
